

## Do you recognize these signs in an aging loved one?

- The loss of health and mobility.
- The inability to keep up with chores around the house and the loss of spirit and pride that comes from not being able to keep up.
- The inability to do activities they once enjoyed.
- The loss of friends and possessions and increasing isolation and loneliness because of their losses.

## Are you a caregiver who needs extra support?

- Do you feel stress and strain in the ongoing, everyday care of a family member?
- Would it be helpful to have help with acts of daily living for your loved one?
- Could you use assistance with basic chores around the house?

**Tri-State LifeCare Caregiving**  
is here to help. Call today.

**Is remaining independent at home important to you or a loved one? We are here to ensure that you or your family member is able to enjoy the comforts of home for as long as possible.**

**Tri-State LifeCare is an organization that delivers a better quality of life for clients and their families in the comfort of the client's home.**

## OUR CLIENTS

Our clients include individuals who are not ready to leave their home for an institutional setting. We also serve individuals who live with relatives, but because of illness or chronic conditions, need support to remain at home. Our services include assisting with acts of daily living, enabling them to focus their energy for more important things in life.

Many times, caring for a client involves family. We play a role in providing relief for the primary caregiver (a wife caring for a husband, a daughter or son caring for a parent, etc.). Constant caregiving can bring considerable stress because the caregiver's focus is centered on the one needing care. Research indicates that when the caregiver is provided support, such as that which Tri-State LifeCare provides, the caregiver's well-being is strengthened, and as a result, the family's relationship is strengthened, too.

## OUR SERVICES

Highly qualified and trained Caregivers are ready to help you and your loved ones with a variety of daily activities such as:
